

Pobalscoil Neasáin

Admissions Policy

Introduction

The admissions policy of Pobalscoil Neasáin is prepared in the context of relevant legislation including the Education Act 1998 and the Education Welfare Act 2000. The Board of Management hopes that this policy will assist parents and students in their choice of school and with any issues regarding admissions and enrolment. This policy is available on the school website www.psn.ie and on request from the school office.

Pobalscoil Neasáin as a Community School

The control and management of the school is vested in the Trustees who together with the Board of Management (including the Principal) and the Minister for Education and Skills are under a legal obligation to ensure that the school is managed according to the Deed of Trust. The Trustees of Pobalscoil Neasáin are (i) The Irish Sisters of Charity (ii) The Irish Christian Brothers and (iii) The City of Dublin ETB. The deed of Trust states that the Community School provides “a comprehensive system of education to all the children of the community and that its admissions policy is to be published in the catchment area or community”

Characteristic Spirit

The mission of Pobalscoil Neasáin is to provide a caring and committed atmosphere in which the partnership of staff, parents and students enables our students to achieve their full potential. This partnership aims to foster the holistic development of all our students in a supportive, safe environment of mutual respect, which develops the uniqueness of each student.

We aim to prepare our students for the rich and varied challenges, which the journey of life may present in a pluralist society.

Principles of Policy

The Board of Management of Pobalscoil Neasáin has set out its admission policy in accordance with the Education Act 1998, the Education Welfare Act 2000, the Equal Status Act and the Deed of Trust. The Board of Management does so to assist parents in relation to enrolment matters and that furthermore, the chairperson of the Board of Management and the Principal will be happy to clarify any further matters arising from the policy.

Against this background and ethos, the key principles outlined in the Education Act (S 15 2d) under-pin our Admission Policy.

These are:

- ❖ Parental choice in relation to choice of school having regard to the characteristic spirit of the school (Section 15d Education Act). The Act requires the Board of Management to “uphold the characteristic spirit of the school ethos as determined by the cultural, educational, moral, religious, social, linguistic and spiritual values which are characteristic of the school.”
- ❖ Inclusiveness, encompassing reasonable provision and accommodation for students with a disability or other special education needs.
- ❖ Equality with respect to maximum access and participation in the school.
- ❖ Respect for the diversity of values, beliefs, traditions, languages and ways of life in society.

Admission of a child to a recognised school

1. From the date of the commencement of S.19 of the Education Welfare Act 2000, the Board of Management shall not refuse to admit as a student in this school any child, in respect of whom an application to be so admitted to has been made, except where such refusal is in accordance with this policy.
2. The parent of a child who has made an application shall provide the school with such information as outlined in the application form. As soon as is practicable, but not later than 21 days, after a parent has provided the information, the BOM of the school shall make a decision in respect of the application concerned and inform the parent thereof.

The school reserves the right to refuse enrolment to any student in exceptional cases. Such an exceptional case could include the following:

The student has special needs such that even with additional resources available from the Department of Education & Science the school cannot meet such needs and also provide the student with an appropriate education or

In the opinion of the Board of Management the student poses an unacceptable risk to other students, to school staff or school property.

First Year Enrolment

- ❖ The applicant must have reached 12 years of age by 1st January of their first year.
- ❖ A copy of the applicant's birth certificate must accompany his/her application.
- ❖ All applicants should have completed a full course of primary education or have followed an approved course.
- ❖ Parents/Guardians are required to contact the school in advance of the admissions process if their child has particular educational needs so that the school can establish the resources required
- ❖ The number of places to 1st Year students will be set each year by the Board of Management. The Board reserves the right to maintain reduced numbers in classes.
- ❖ In offering enrolment priority and preference will be allocated to applicants on the basis outlined in this policy.

School Capacity and compliance with Health and Safety requirements impose imperatives that enrolment cannot exceed the intake levels set annually by the Board of Management. Therefore, if the number of applicants in any year exceeds the set intake limit, a waiting list will be established. The waiting list will lapse after the first week of the first term.

Procedures for First Year Enrolment

This is done by signing the relevant section of the "acceptance of place" form. The Code of Behaviour and other policies are available on www.psn.ie or from the school office.

Special Educational Needs

Enrolment of Children with Special Needs

Pobalscoil Neasáin welcomes pupils with special educational needs and will endeavour to ensure that all our students can participate in school life in so far as is reasonably possible.

The school may make a different provision in respect of the organisation of sporting events or sporting facilities.

In order to have information relevant to providing for the needs of students with special educational needs the school management will seek recent records and reports of the student's needs and the resources required to meet them.

The Board may request a copy of the child's medical and/or psychological report. The school will meet with the parents to discuss the student's needs and the school's suitability or capacity in meeting these needs.

While fully supporting parents' and guardians' right to have a school of their choice for their children, attendance may need to be deferred until the recommended resources are in place.

- ❖ Parents/Guardians are required to contact the school in advance of the admissions process if their child has particular educational needs so that the school can establish the resources required

(See 1st Year Enrolment procedures)

In particular circumstances an application to enrol may be refused if it is the opinion of school management that even with extra resources provided by the DES that the school cannot provide an appropriate education for the applicant.

Application to transfer from another second level school

The Board of Management will make every reasonable effort to facilitate a student seeking to transfer to Pobalscoil Neasáin. The Board reserves the right to limit the number of places available in any given programme or class.

Places will be offered if vacancies have arisen and if the school management considers that it is advisable to do so.

References, education records and behaviour records will be sought in each case from the pupil's previous school/schools. It is necessary that the applicant's behaviour record is deemed complementary to the order, discipline and educational welfare of existing students and that the enrolment of the applicant is considered beneficial to the applicant's continuing education.

Where it is established that a student's behaviour is unacceptable in their previous school/schools, the Principal, in conjunction with the Board of

Management, may decide not to accept such a student in the interest of the general school community.

An application to enrol may be refused if in the opinion of the school management that such an enrolment would pose a threat to health and safety and pose an unacceptable risk to staff, students or property.

Decisions regarding admissions are a matter for the Board of Management. However, this task is normally delegated to the Principal who decides on such matters in accordance with the school's admission policy. The Principal may refer any application to the Board for decision.
