

Our Mission & Vision

OUR CORE VALUES

Our school motto is 'meas, díograis agus dea-chroí'. **Meas** means respect, and respect for oneself and others is central to our ethos here in PSN. **Díograis** means commitment and enthusiasm. Ralph Waldo Emerson said that nothing great was ever achieved without enthusiasm. So be enthusiastic, make your best effort and we believe that you will reap the rewards! **Dea-chroí** means good-heart, because we value kindness, cheerfulness and good humour — the qualities that put the heart into a school!

OUR APPROACH

As a school our primary task is to teach and to help each student achieve their academic potential, but we are also passionate about giving our students opportunities in all fields of endeavour, such as sport, drama, music, art, construction, photography, digital skills, creative writing, science and debating. We actively encourage community involvement, environmental awareness and social inclusion.

We have the best equipped gym in any local school, large subject-specific laboratories, individual practical subject rooms for Music, Art, Construction Studies, Engineering, Design & Communications Graphics and Home Economics, and a brand new Technology wing.

“

There is a wonderful atmosphere in this school, the teachers are hardworking and committed and the students are happy and involved. Respect for one another is a priority.
